**Shiraz University**
**Department of Computer Science and**
**Engineering and Information Technology**
**School of Electrical and Computer Engineering**

June 30, 2022

***To Whom It May Concern:***

It is my pleasure to write this letter of recommendation on behalf of Miss **Mohaddeseh Nikseresht**, who is applying for the Ph.D. program at your department. I do know **Mohaddeseh** since fall 2012, as an undergraduate student and later as a graduate student admitted in our M.Sc. program. In her studies, she took several courses (three undergraduate and two graduate courses) with me and her performance in all courses **were excellent,** and always her rank was in the **top 10% of the class. Mohaddeseh** has also **ranked 1st** among the graduate students admitted in fall 2017 and has a pleasant personality and is very good at reading, writing, and speaking English.

**Mohaddeseh** defended her thesis in September 2019 under Dr. M. Raji's supervision. Her thesis title is "**An Uncertainty-aware Multi-Objective Genetic Algorithm based Task Scheduling for Embedded Systems**" which was evaluated as **excellent (19.50/20**) by the thesis committee.

**Mohaddeseh** also has been teaching assistant for following graduate and undergraduate computer science courses and her performance were excellent. **Parallel Algorithms (**fall 2018), **Designing and Analyzing Algorithms** (fall 2019), **Operating Systems** (spring 2018), **Principles of Programming** (fall 2017), **Computer Architecture (**fall 2017, spring 2017, fall 2018).

**Mohaddaseh** has gained a lot of professional and academic experiences in recent years. She is a hard-working and punctual student with research ability, professional work, teamwork and has so far has published 5 papers in major journals and conferences. She is also a dedicated and dependable student, and I do believe you can count on her.

In all, I do recommend **Mohaddaseh** for the Ph.D. program at your department without reservation and hope you give her application favorable consideration. If you have any questions, please feel free to contact me.

Sincerely,

*Gh. DastghaibyFard*
